

COMPRO 7 – FORTUNA PULL TECHNOLOGY BASED COMMUNICATION SOFTWARE

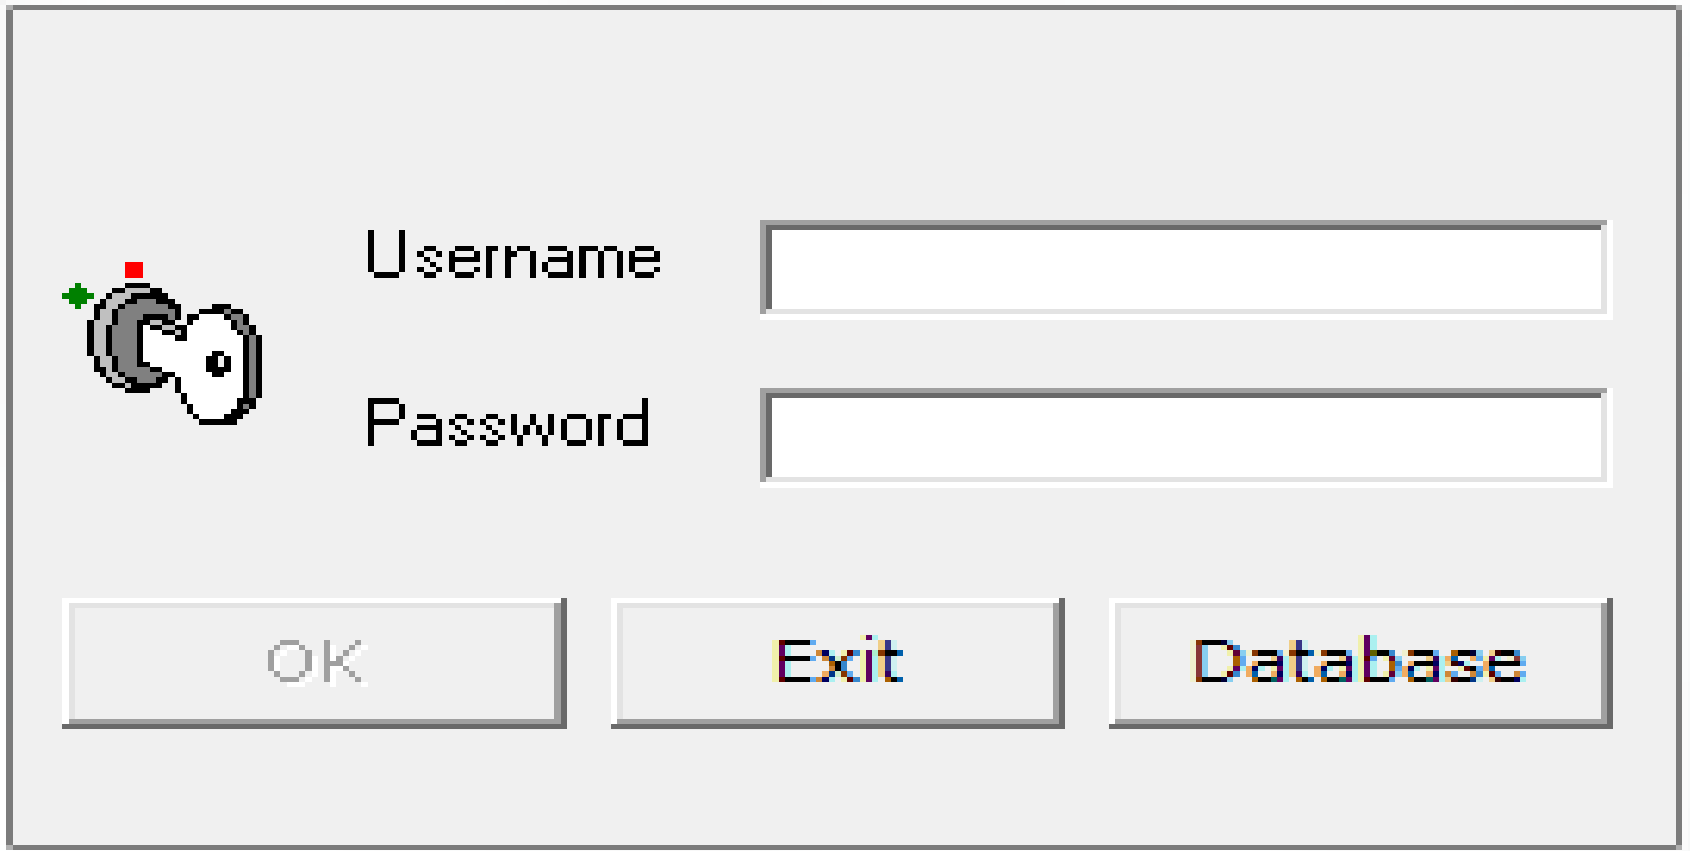

- Compro 7 is a Communication Software in Fortuna ImpeX for Fortuna Based Biometric Finger Print devices.
- It works on data pull method and the suitable communication media for Compro 7 is local LAN& VPN
- It connects Fortuna based Biometric Finger Print device and can check health and status of the Biometric devices like User Information, Device Capacity Information and whether they are online and offline
- Compro 7 can manage the terminal based employee accessibility by way of upload and download of finger templates or Employee Validation

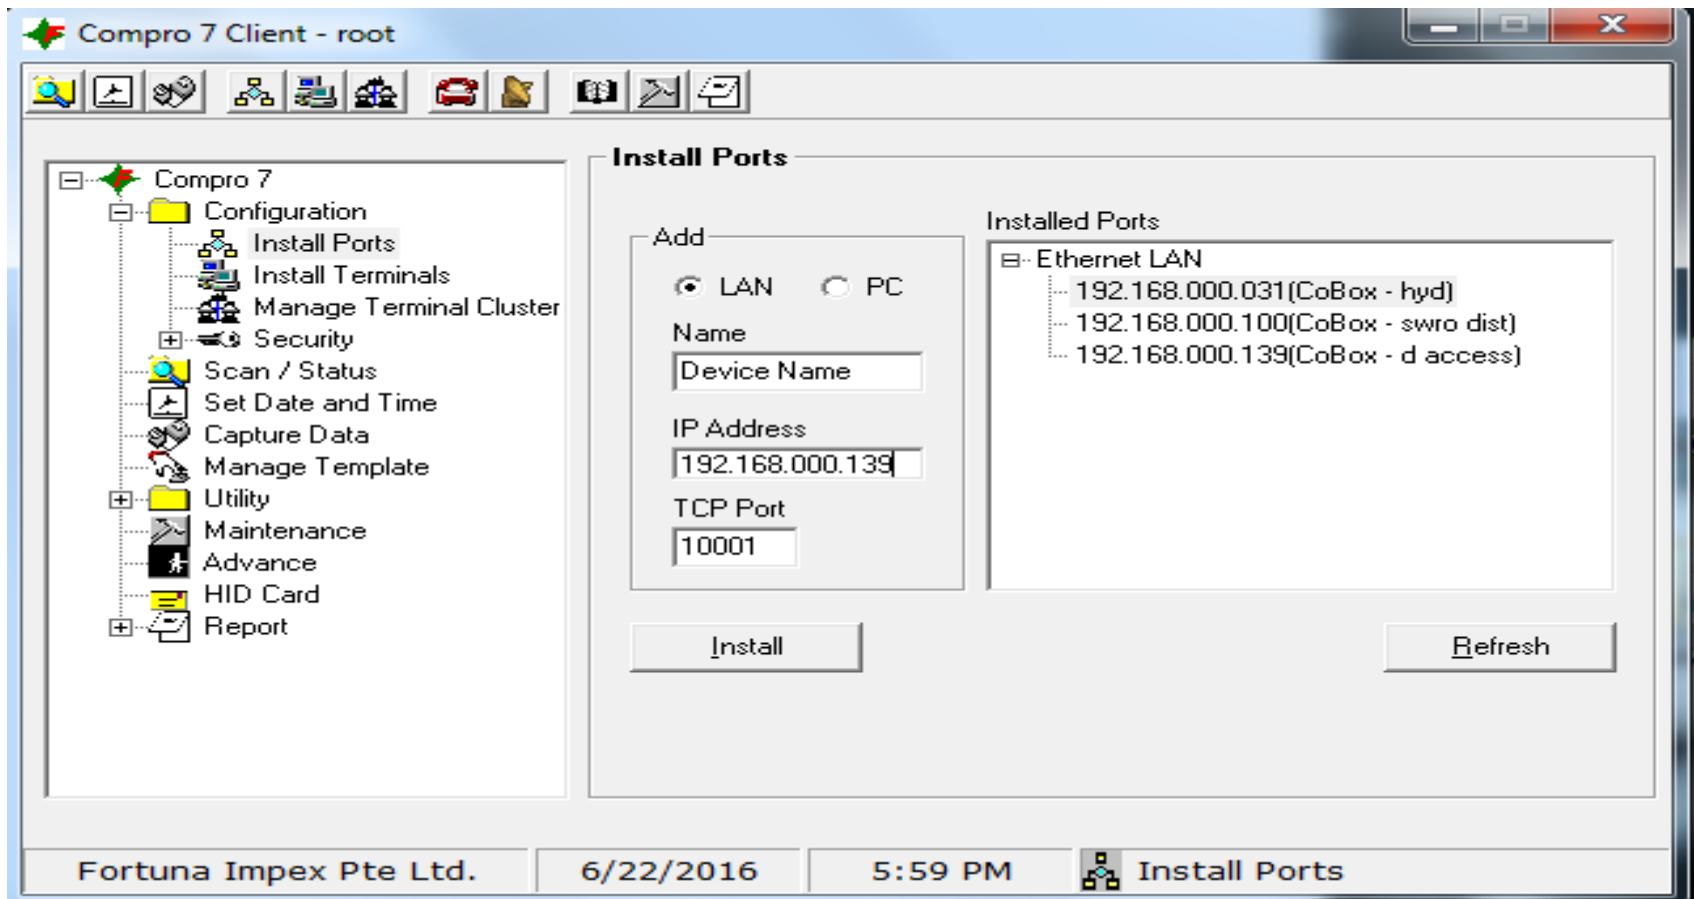

LOGON TO COMPRO 7 WITH USERNAME "ROOT" & PASSWORD "ROOT"

Compro 7 Login

A screenshot of a login dialog box titled "Compro 7 Login". On the left side, there is a pixelated icon of a keyhole with a red square above it and a green asterisk to its left. To the right of the icon are two text labels: "Username" and "Password". Each label is followed by a white rectangular input field with a thin grey border. At the bottom of the dialog box, there are three buttons: "OK", "Exit", and "Database". The "OK" button is on the left, "Exit" is in the center, and "Database" is on the right. The entire dialog box has a light grey background and a thin black border.

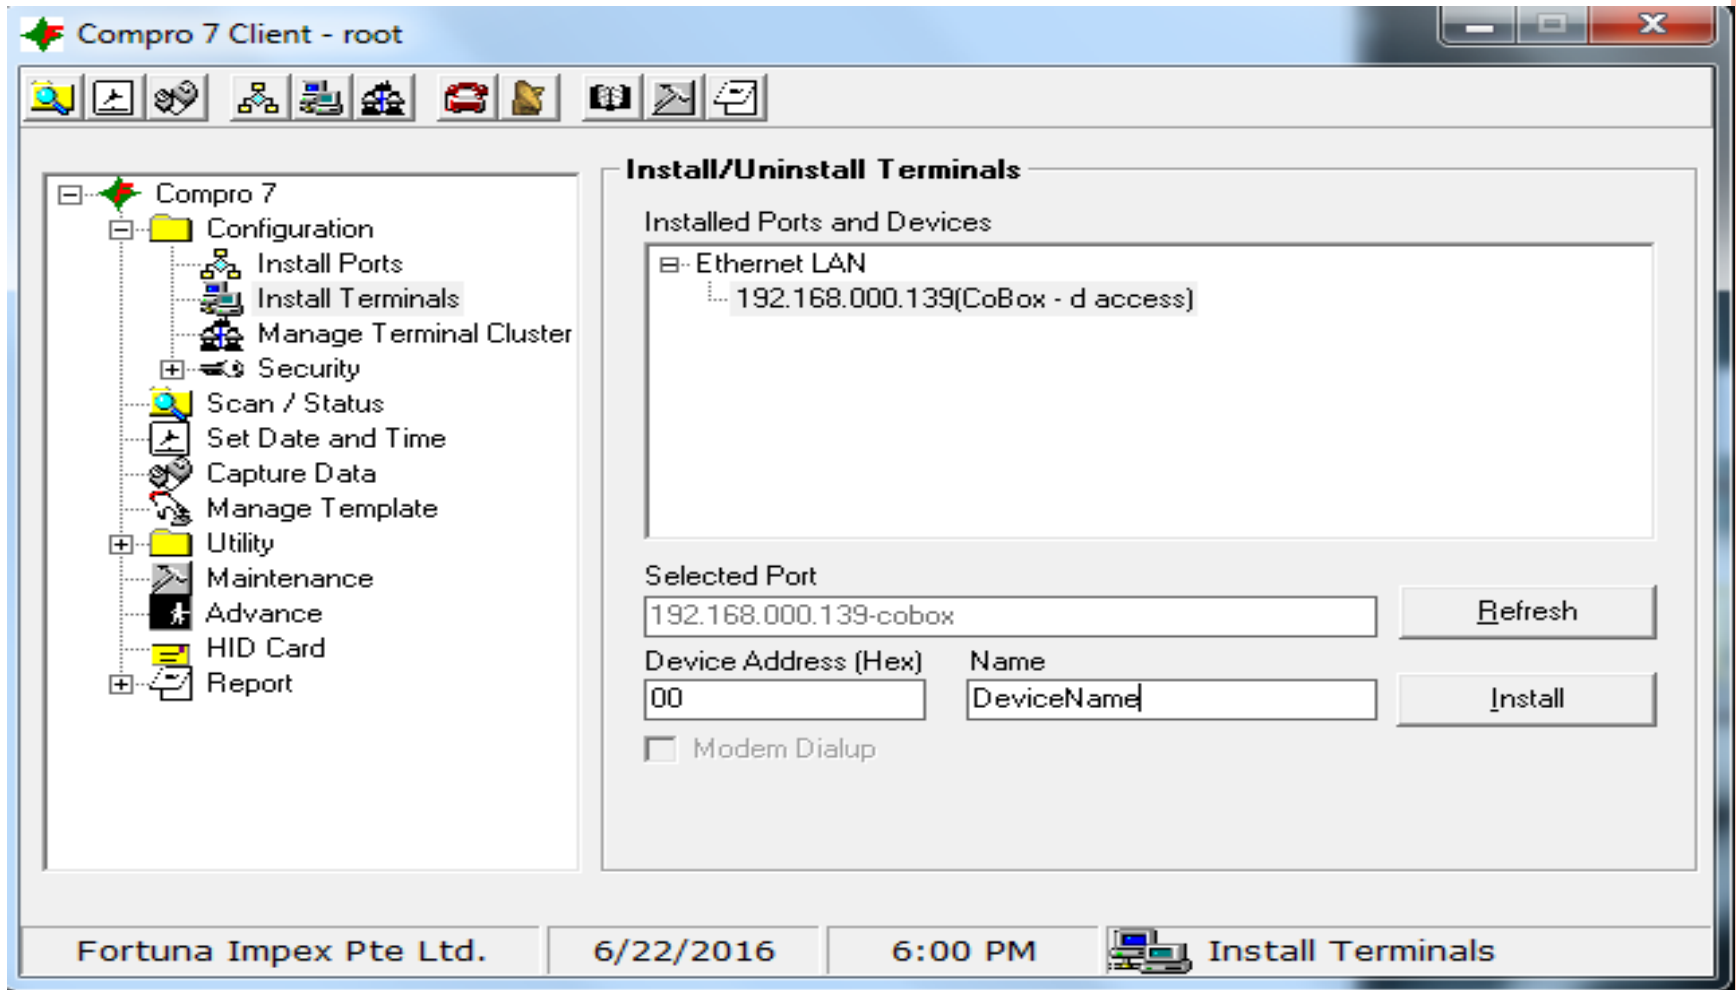

CONFIGURATION OF DEVICE IP ADDRESS IN COMPRO 7 SOFTWARE
